How to Print on SoftTrans™

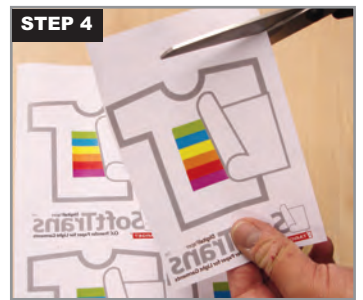

STEP 1
Set your Colour Laser Printer to "Heavy Stock"

STEP 2
Lay your SoftTrans plain side up in the manual feed tray

STEP 3
Print "Mirror Image"

STEP 4
On finished print trim away excess paper from each individual image.

Application Instruction

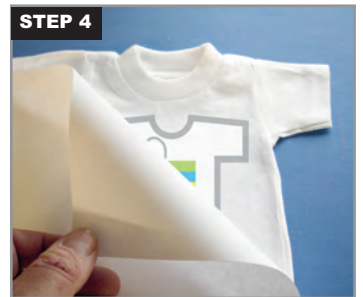

STEP 1
Pre press garment for 10 seconds at 190°C to disperse any creases or moisture.

STEP 2
Lay your print image down so that you can see the SoftTrans back print and cover with release paper.

STEP 3
Apply for 12 seconds at 190°C using very firm/heavy pressure. Then peel hot.

STEP 4
Re cover with plain copier paper to seal the image for another 10 seconds and then peel hot.

Take care when washing!

For best results turn the garment inside out and use a colour detergent during washing.
